

Master Class 2018

HRS4R Assessment

Description

Many of the institutions awarded after 2014 have to prepare their interim assessment while those awarded before 2014 will undergo an internal assessment; these institutions need to prepare their external assessment, and new action plan revised according to the strengthened procedure including OTM-R issues.

The training program will be designed for enabling the participants to know precisely about the assessment (conferences), share their practices and questions (workshops) and meet experts (individual meetings).

Target group

Institutions that were already awarded HRS4R and are preparing their interim/internal review.

Size of the Group

Max. 24 participants on motivated application.
